# Revolutionary Orthotic insoles made to measure, available off-the-shelf One of the most pervasive yet overlooked ailments possibly of all

time are "sore feet from being "on your feet all day". Commonly dismissed as trivial, the pain is often caused by the

bones of the feet stretching open, straining tendons, ligaments

and nerves. This can lead to conditions such as RSI, planar

fasciitis & flat feet. Such ailments are epidemic, but often go undiagnosed, unreported or even unrecognized, as many sufferers are unaware

Suitable for everyone, from office workers, to construction engineers. They can be used with any shoe.

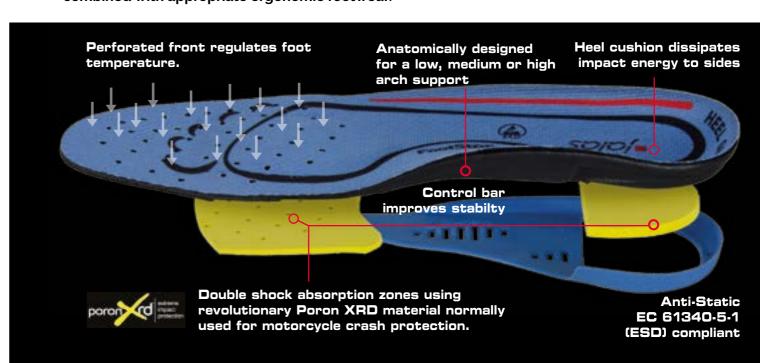

Our state-of-the-art Scandinavian designed insoles are orthotic, anatomic, arch-supporting & astonishingly shock-absorbing, using a mix of high-tech materials, such as poron XRD, this is no ordinary gel molded product.

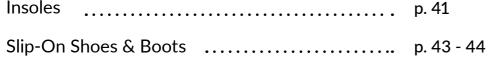

they have a medical condition.

The feet of each of your individual staff member is first computer scanned at our premises using our high-tech mobile footscanning service. The insoles can be supplied immediately, for results that are instant and astonishing yet far cheaper and more effective than medical orthotics, particularly if combined with appropriate ergonomic footwear.
